

Are you...

Committed?
Organized?
Creative?
Business-minded?
Numbers-oriented?
Passionate about our
NODCC community?

Consider volunteering with the NODCC.

Board Membership Requirements:

- NODCC Membership
- Election to volunteer position
- Serve a three-year term (with the option to serve two consecutive terms)
- Attend two in-person meetings per year with phone calls in between
- Raise, donate or obtain a certain amount in donations annually
- Serve on at least one committee

(Board elections held twice a year)

WHY VOLUNTEER WITH THE NODCC?

NODCC connects individuals touched by DCC directly with one another.

Nothing says, "Understanding the conditions, changing lives" like serving our organization. We need volunteers who want to lend their skills, energy and ideas for the good of the NODCC and community.

There are two ways to get involved with the NODCC: 1) volunteer on a committee and/or 2) join the Board of Directors.

Working with a committees is a great first step in learning more about how the NODCC operates while sharing your talents with others. As an elected Board member, you have the honor, challenge, and responsibility to help guide, lead and contribute to our strategic goals.

Volunteering is the perfect opportunity for parents, siblings, grandparents, aunts/uncles and spouses of individuals with a DCC to "do something" to benefit those living with a disorder of the corpus callosum.

Looking to quickly get involved?

Join a NODCC committee!

The Board of Directors has multiple committees with opportunities for involvement and support, and these volunteer roles are a fantastic way to ensure that your voice will be heard and to give back to our community. Committees with current volunteer needs include:

Communications & Technology

The Communications committee helps oversee the internal and external communications and content shared by the organization while the Technology group works with our website, audio/visual and other tech needs. Support needed includes: writers, graphic designers, marketers, communicators, social media, photographers video production, website development, SEO and creative ideas.

Membership

The Membership committee is responsible for cultivating relationships with members and volunteers to create a positive and inspiring experience for individuals and families within the NODCC. We need help identifying and communicating to new members and volunteers, onboarding new Board members and help with special events.

Development

This committee is responsible for funding for the operation of the NODCC. Whether you are a professional fundraiser, a PTA parent, amateur event organizer or have great ideas for how to raise money, we welcome your input. This committee needs fundraising ideas, creative opportunities, development and grant research/writing, sponsorships, virtual events and support in thanking donors and sponsors.

Community

This group serves as local first-responders providing support to newly diagnosed families or other local needs. Volunteers can help organize family gatherings or fundraisers, support virtual calls, communicate to families and organize programs/activities.
